| 1.1 | What progress have you made on your IDC action plan in the past year? | <i>Include any highlights or achievements with examples. This can also include any COVID-19 related reflections</i> | The past 12 months have really seen our initial efforts on our IDC action plan result in concrete deliverables. In November 2019, we published our first estimates of the number of IDPs by age, along with a dedicated report on internally displaced children. In March 2020, our first sex-disaggregated estimates of the number of IDPs and a dedicated report on women and girls. In August 2020, a blog focused on internally displaced youth and written jointly with IDC Champion the Consortium for Street Children. In September 2020, a dedicated report on internally displaced youth, with contributions from the Consortium for Street Children, UNFPA, Plan International, the Malala Fund and IMPACT/REACH. In April 2020, we also released age and sex disaggregated data on IDPs for over 100 countries affected |
