SECTION 1 : IDC action plan progress

No.	Question	Guidance	Champion response
1.1	What progress have you made on your IDC action plan in the past year?	<i>Include any highlights or achievements with examples. This can also include any COVID-19 related reflections</i>	<p>We continued to increase capacity of Sightsavers staff and partners to incorporate data disaggregation into their work:</p> <ul style="list-style-type: none"> • A number of sessions have been held across the organisation to update staff on progress against our inclusive data work and share learning. This includes a whole organisation learning session in May 2020; and inclusive data work being included as a cross cutting component of other thematic learning sessions. • Following on from our reflection workshop in 2019, in January 2020 we also held a learning session with MEL staff

			<p>to capture tips on how to collect, analyse and use disability data.</p> <ul style="list-style-type: none">● From June 2018 – June 2020 we have completed 4 DDD baselines in IEH projects (Mozambique, Pakistan, Bangladesh and Malawi).● We have also completed 3 mid-term data collections (Mozambique, Pakistan and Bangladesh). These data were analysed and● disseminated to project stakeholders. The data were used to refine our strategic ToC and inform programme direction.● Learning reviews were conducted with Pakistan and Bangladesh after baseline data collection and the information was used to improve● the data collection process for subsequent rounds. <p>A number of papers were published to contribute to the evidence base on disability including:</p> <ul style="list-style-type: none">● “Prevalence of Visual Impairment and Coverage of Cataract Surgical Services: Associations with Sex, Disability, and Economic Status in Five Diverse Sites” - Emma Jolley, Sandeep Buttan, Thomas Engels, Munazza Gillani, Muhammad Zahid Jadoon, George Kabona, R.N. 			In 2020 we also started DDD work in three Inclusive Futures projects (Economic Empowerment – Uganda, Nigeria and Kenya) although work on the ground has been delayed due to Covid-19 restrictions.
1.2	What areas of your IDC action plan have you made the least progress on, in the past year?	<i>Include any challenges or barriers faced. This can also include any COVID-19 related reflections</i>	<p>Due to Covid-19, from March 2020 disability data project work has been delayed, though the MEL team has adapted to provide remote training for one IEH project in Tanzania and following the success of this a remote training is also planned for an Inclusive Futures project in Bangladesh.</p> <p>We had planned to conduct 4 RAABs through our UK Aid Match programme in Bangladesh and Pakistan, which will include data disaggregation by sex, age, economic status and disability, however these have been postponed due to local Covid-19 restrictions Internally our focus on data tools and analysis was placed on understanding impact of Covid-19 on programme operations and strategies. We had planned to work on a budgeting tool led by our Digital Data Working Group (DDWG) and this will be rolled over into our 2021 plan, which will also incorporate some basic principles and guidance on budgeting for inclusive data work</p>
1.3	Have there been any changes to your current IDC action plan objectives or areas of focus in the last year?	(Yes, No) <i>If yes, please give details of any changes</i>	<p>No.</p> <p>We are in the process of making revisions to our IDC action plan however, due to staff changes and a shift in focus in light of Covid-19, this work hasn't been completed. Our revised action plan will reflect more of a focus of how inclusive data is being used to strengthen our programmes; the interoperability of the data; and our influencing and advocacy work.</p>

1.4	Has the progress on your IDC action plan led to any changes (internally or externally) in one or more of the following areas.	<i>Checklist – tick all that apply:</i> a) Increased visibility and awareness on inclusive data b) Broader engagement and action being taken on inclusive data c) Increased capacity to collect, analyse and make use of inclusive data d) Strengthened coordination and collaboration with others to advance inclusive data objectives e) Strengthened knowledge exchange & learning f) Other (please specify)	a) Increased visibility and awareness on inclusive data (internal and external) b) Broader engagement and action being taken on inclusive data (internal change) c) Increased capacity to collect, analyse and make use of inclusive data (internal and external) d) Strengthened coordination and collaboration with others to advance inclusive data objectives internal and external) e) Strengthened knowledge exchange & learning (internal and external)
